Professional strengths

- Excellent written and verbal communication skills
- Enthusiastic and open to new ideas
- Strong knowledge of OOP and Data Structures
- Great organizational skills and multitasking ability
- Quick learner and can handle working under pressure

Technical Proficiency

- **Languages**: JS, HTML/CSS, PHP, Ruby, Objective-C, Android, C++, and Assembler
- **DBs**: MySQL/MariaDB, PostgreSQL, MongoDB, SQLite
- **Systems**: Unix, Linux, Windows, Mac OS, and z/OS
- **Cloud Platforms**: Red Hat OpenShift, IBM BlueMix, Heroku
- **Version Control**: Git, RTC, and TFS

Experience

SOFTWARE ENGINEER, RED HAT; RALEIGH, NC – 2014-PRESENT

Building internal and external web applications for Global Support Services. Various projects in the customer portal to improve user experience. Applications are single page apps built with HTML/CSS/JS that consume REST APIs constructed with Node.js.

WEB DEVELOPER, IBM; RTP, NC – 2012-2014

Used HTML/CSS/JS to create, update, and enhance the web user interface of DOORS Next Generation. Used advanced javascript techniques with Dojo and AJAX.

RETAIL SALES ASSOCIATE, T-MOBILE; GENEVA, IL – 2009-2012

Assisted customers with sales, service, and technical support. Worked in a commission environment and had monthly quotas that I would be held accountable for if not met.

Education

Northern Illinois University, Dekalb, IL – Bachelor of Computer Science, 2013

Projects

DOMAI.NR ANDROID APPLICATION

- Consumed API provided by Domai.nr to create an android application for quickly finding domain names.
- Became the official Domai.nr android application in April 2013
